THE SONS OF NORWAY HONOR LIEF ERICKSON

OPPOSITION TO TRIAL GROWING

British Newspapers Almost Unanimous in Denouncing Plan to Try Kaiser.

MAY NOT TAKE PLACE

Walter Runciman Says Feeling in England Is So Justifiably Bitter Against Former Emperor That Lynching Might Result.

London, July 12.—In view of the almost unanimous opposition of the newspapers of all parties, predictions that the project to bring the former German emperor to trial in England will be abandoned are growing.

Virtually all the leading papers, with the exception of the Northcliffe press, are denouncing the plan. The Northcliffe papers have taken no stand in the matter but print many letters from prominent persons opposing the trial.

Project Is Opposed.

The influential weekly reviews all oppose or deride the project of bringing the former emperor from Holland. Walter Runciman, former member of the cabinet, writes: "Feeling in this country is justifiably bitter against the Kaiser. Indeed, it is so bitter that the public might take the law into their own hands and lynch him."

Keep It Dark, Please.

The New Statesman says: "Let us hope that the Dutch government will cut the knot for us and save us from the blunder of reinstating the last of the Hohenzollerns in the hearts of his disillusioned countrymen."

The Nation says: "British opinion has spoken so clearly that Holland is likely to feel no hesitation in doing her duty as a neutral. We imagine that Mr. Lloyd George may even be grateful to the convenient neutral who will save him from the obligation of redeeming his election pledge."

FLAW IN ACCEPTANCE SEEN

French Paper Says Action of German Assembly Not Enough.

Paris, July 12.—Ratification of the treaty of peace by the German national assembly at Weimar, may be held not to be sufficient, according to the Petit Parisien. The new German constitution provides that in cases where territory is ceded the ratification of treaties by states which lose territory is necessary in addition to approval by the central government. Consequently independent action by Bavaria, for the Saar basin, and Prussia for territory restored to Poland, may be required.

PRESIDENT SIGNS RELEASE

Approves Resolution Returning Wire Lines to Owners.

Washington, July 12.—President Wilson had another busy day. He spent many hours in his office working on business which accumulated while he was returning from Paris, conferred with two cabinet officers and signed the army, navy, deficiency and District of Columbia appropriation bills and the resolution repealing the act under which the telephone, telegraph and cable companies were taken over.

CONFISCATES OIL PROPERTY

Carranza Acts Under Decrees Protested by Great Nations.

Washington, July 12.—Confiscation by the Mexican government of the property of the Scottish-American Oil Company, a British company, with several American stockholders—the first actual confiscation under the Carranza decrees which have been the subjects of protests from Great Britain, Holland, France and the United States—was reported to the State department.

BROAD SOCIALIZATION PLAN

Austrian Government Will Control Many Industries.

Washington, July 12.—A statement by the Austrian government concerning the socialization program was received here. The government, it says, proposes to socialize the coal mining industry and wholesale coal trade, the extraction of iron ore and production of pig iron, the electrical industry, the exploitation of water power, forestry and the timber trade.

FORD RAISES MINIMUM PAY

Motor Company Employees to Get Seven Dollars Per Day.

Mount Clemens, Mich., July 12.—It was learned on authority here that Henry Ford has decided to increase the minimum wage of the Ford Motor company employees to \$7 a day.

JANE ADDAMS

Prominent American Woman Has Arrived in Berlin.

Miss Jane Addams of Chicago, president of the international congress of women for permanent peace, has arrived in Berlin.

ADVOCATES NEW PLAN

Secretary of War Favors Abandoning Small Army Camps.

Baker Tells House Committee Forces Should Be Concentrated in Few Large Centers.

Washington, July 12.—Secretary Baker told the house committee investigating war department expenditures the United States in maintaining its peace time army, must abandon its pre-war plan of scattering soldiers all over the country, and instead must concentrate the forces in a few large divisional camps.

Mr. Baker was called to answer questions on expenditures for camps and cantonments.

Replying to questions regarding the disposal of the camp sites, bought by the government, Secretary Baker said it was wiser to maintain these properties until the future military policy had been fixed by congress.

Mr. Baker said "frankly I made a mistake," in directing that work be resumed on Camp Benning, Ga., last March, after the senate military committee on a tie vote, failed to approve the project. The secretary explained that before he made the decision, Senator Hoke Smith, of Georgia, had told him two absentee committeemen favored the camp.

Day in October Dedicated to Viking Explorer ---Jubilee Chorus of Sons of Norway Sings

Townley to Testify This Afternoon

(By United Press) Jackson, July 12.—President Townley, of the National Non-partisan League, was to take the witness stand this afternoon in his own defense on a charge of conspiracy to teach disloyalty during the war through league propaganda. John Gilbert, state organizer, was jointly indicted with Townley.

The calling of Townley was expected to produce one of the most interesting sessions of the trial. The court was to hold until six o'clock tonight, the former jurymen being anxious to finish.

Townley was expected to testify in support of the defense's contention that a conspiracy exists to wreck the league. Charles Patterson, a Twin City banker, was also to be called this afternoon. Testimony has been introduced purporting to show that Patterson and others paid Ferdinand Tieggen large sums in a fight against the league. Tieggen was the state's star witness.

Jackson, July 12.—The Townley-Gilbert conspiracy trial was expected to go to the jury late today. Unexpectedly the defense closed its case shortly before noon when Judge A. C. Dean refused to permit the introduction of testimony purporting to show the loyalty of President Townley and the Non-partisan league.

Later Judge Dean refused to permit President Townley to make his own argument to the jury. The defense then refused to go to the jury, and elected to argue that Townley had a constitutional right to argue his own case. The arguments continued late this afternoon on this point.

Plan to Keep Wilson In Washington

(By United Press)

Washington, July 12.—An attempt to prevent President Wilson making his cross-country tour in behalf of the league of nations by keeping him daily in attendance with meetings of the senate for relations committee, was discussed today by the league opponents in congress. Senator Moses said he plans a resolution calling upon Wilson to appear at committee sessions each day at ten o'clock during the treaty discussions.

RESOLUTION

Be it resolved: By the First District of the Sons of Norway, in convention assembled in the City of Brainerd, Minnesota, this 12th day of July, 1919, that it hereby expresses its sincere thanks to the Brainerd Daily Dispatch and its representative, John A. Hoffbauer, for the splendid publicity given our order and the correct statement given of the proceedings of the convention.

Be it Further Resolved: That these resolutions be spread upon the minutes of the District Lodge and a copy thereof forwarded to the Brainerd Daily Dispatch.

Unanimously adopted: BERNER LOFTFIELD, L. A. SIMONSON, E. J. SOLEM, Committee. MONS HAUGE, President. H. ASKELAND, Secretary.

Working with harmonious spirit and patriotic fervor, the business sessions of the Sons of Norway convention of the first district comprising Minnesota, South Dakota and Iowa, drew to a close Saturday afternoon.

Banquet Saturday evening there will be a banquet at the Ransford hotel and addresses and musical numbers will give it added interest.

Outing At Friday afternoon's session the convention formulated plans for greater publicity of the order through the medium of the press.

Members have been asked to compete in offering new rules of order and lodge procedure.

The board of directors was empowered to offer prizes for gaining new members.

Traveling expenses of the secretary were considered.

Jubilee Chorus

A jubilee chorus was formed composed of Secretary Hallward Askeland director, Ainar Myhre, President Mons Hauge, Jens Hakken, Dr. Karl D. Kolseth of Benson, Alfred E. Dahl, H. A. Halmrast, John Nyborg, J. E. Olesen, Berner Loftfield, O. S. Ross. At the convention they sang Bjornson's "Ja vi elsker."

(Continued on page 2)

Vetoes Daylight Saving Repeal

(By United Press) Washington, July 12.—President Wilson today vetoed the agricultural bill because of the clause providing for the repeal of daylight saving.

Instructions Issued to Lift German Blockade

(By FRED S. FERGUSON, United Press Staff Correspondent) Paris, July 12.—The council of five began issuing instructions today regarding the cessation of the blockade against Germany. The council also started a discussion concerning the lifting of the blockade against Russia, its maintenance being rendered most difficult by the official decree abolishing barriers around Germany. The American delegates also held it was not legal.

Italy filed a claim today asking that she be granted the Austrian concession in Tien Tsin, China, the peace treaty now providing that the concession revert to China for international use.

Big British Airship Only 800 Miles Off

(By United Press)

London, July 12.—The British dirigible R-34 was 850 miles west of London at seven o'clock this morning New York time. The air ministry announced she was flying at a constantly lessening speed according to earlier reports. Owing to storms over Scotland the air ministry wire-lessly the dirigible to land at Pulham, a hundred miles northeast of London, instead of proceeding to East Fortune, the starting place of her first trans-Atlantic flight. She is expected to reach Pulham early Sunday morning.

At one time on her return trip she was making ninety miles an hour with a strong wind assisting. Her speed has been reduced to about 35 knots.

Crime Decreases in Chicago.

Chicago, July 11.—Vartime prohibition has decreased crime in Chicago 50 per cent, according to a statement made by James L. Mooney, chief of detectives.

THOMAS M. OSBORNE

Serving as Naval Seaman to Get Views of Enlisted Men.

Lieutenant Commander Thomas Mott Osborne, commanding the naval prison at Portsmouth, N. H., has fractured navy precedent by donning his officer's uniform to serve as an ordinary sailor on the battleship North Dakota of the Atlantic fleet to get first hand information on the enlisted man's viewpoint.

DRYS OPPOSE MEASURE

Many House Members Dislike Enforcement Bill.

Ardent Prohibitionists Say They Will Not Support Measure in Its Present Form.

Washington, July 12.—During five hours debate in the house on the prohibition bill, the liquor traffic was likened to a convicted criminal, appealing for a reprieve, while some of the more drastic provisions of the measure were denounced as an invasion of the liberty, hospitality and habits of the home.

It probably was the last day of prohibition oratory in the house. Not all of the 12 hours set aside for general debate had been used at the close of an all-day session, which ranged from a technical argument on constitutional questions, to a straight stump speech for prohibition and its enforcement.

Chairman Volstead of the Judiciary committee, in charge of the bill, and Representative Igou, Democrat of Missouri, leader of the minority were unable to allot all of the time desired by members anxious to be heard.

Again ardent prohibitionists declared they could not support the enforcement bill because of its provisions, and others contended that once congress defines intoxicating liquors as a beverage containing one-half of one per cent alcohol, the federal law for such enforcement cannot become effective without concurrent action by the several states.

ONE DEAD IN RACIAL BATTLE

Four Hurt When 60 to 90 Whites and Negroes Fight in Texas.

Longview, Texas, July 12.—Four white men were wounded when Negroes fired upon a group of whites they had waylaid in the Negro section, where the whites had gone in search of a Negro school teacher, accused of causing the publication in a Negro newspaper of statements derogatory to a young woman of this county. One Negro was reported killed.

There were from 12 to 15 white men in the party, and they returned the fire so long as their ammunition lasted, after which they withdrew.

It was estimated that from 50 to 75 Negroes were in the attacking party, which was hidden in houses and behind other vantage points.

DO NOT AGREE ON MAJORITY

Wilson and Experts Disagree on Vote Needed for Ratification.

Washington, July 12.—President Wilson and Senate legal experts are at odds over the question of whether a majority or two-thirds vote is required to adopt reservations to the peace treaty.

President Wilson is known to believe that any reservation intended to be a permanent part of the treaty must get a two-thirds vote.

Many rules experts disagree. The rule itself says two-thirds for ratification and for "all other motions, a majority."

PACKERS SCORED BY TRADE BOARD

Federal Commission Warns President of Danger of Food Supply Domination.

QUICK ACTION NEEDED

Congress Should Take Immediate Steps to Forestall Ends Aimed at, Say Members of Commission—Food Freedom Threatened.

Washington, July 12.—The federal trade commission has reported to President Wilson that the "big five" meat packers soon will exercise a powerful domination over the nation's food supply and international control of meat products unless congress takes immediate steps to forestall these aims.

"An approaching packer domination of all important foods in this country and an international control of meat products with foreign companies seems a certainty unless fundamental action is taken to prevent it," says the report, which is part one of the commission's investigation of the meat industry.

"A fair consideration of the course the five packers—Armour, Morris, Swift, Wilson and Cudahy—have followed and the position they have already reached must lead to the conclusion that they threaten the freedom of the market of the country's food industries and of the by-product industries linked therewith."

775 Commodities Handled. The commission claims the packers are fast obtaining their domination by manufacturing or dealing in 775 commodities, largely food products, and by gaining control of 762 other companies, many of which are public utilities corporations.

"The 'Big Five' jointly or separately wield a controlling interest in 574 companies, a minority interest in 95 others and an undetermined interest in 93," the report said.

Charge Illegal Combinations. The history of the packers' growth is interwoven with illegal combinations, rebates and with undisclosed control of corporations. The commission urges full publicity of corporate ownership of all industries.

As to devices for secret control there does not exist adequate law. In its absence unfair competition may run its course to the goal of monopoly and ruin of competitors, without the secret ownership being suspected.

Report Gives Alleged Details. The commission's report points out the following alleged details of the packers' activities:

The "Big Five" have control of, or interest in, public utility corporations in Sioux City, Kansas City, St. Paul, Portland, Ore., San Francisco, Fort Worth, Chicago, St. Joseph, Mo., and Hill City, Minn.

In 1917 they produced 44 per cent of the country's total output of sheep and lamb shoe stock; 17 per cent of the glove stock; 9 per cent of harness leather; 21 per cent of belting and 22 per cent of sole leather.

On July 31, 1917, the "Big Five" had almost 90 per cent of the country's entire hide stock.

Other Activities. They produce one-fifth of the country's mixed fertilizer supply; one-tenth of the acid-phosphate supply; one-third of the cottonseed oil supply; nearly one-half of the lard compounds and lard substitutes; four-tenths of the oleomargarine supply and three-tenths of the cottonseed oil soap.

In the meat industry the commission stated, the "Big Five" already constitutes a monopoly. In 1916 they slaughtered 82.2 per cent of all cattle, 86.4 per cent of all sheep, 76.6 per cent of all calves, and 61.2 per cent of swine.

Other commodities the commission charges packers are gaining control of are breakfast foods, chicken feed, stock feed, fruit, canned vegetables, coal, fence posts, builders' hardware, binding twine, lumber, cement, lime, plaster, brick, sand, gravel roofing, soda fountain supplies and rice.

N. D. PROTEST DISMISSED

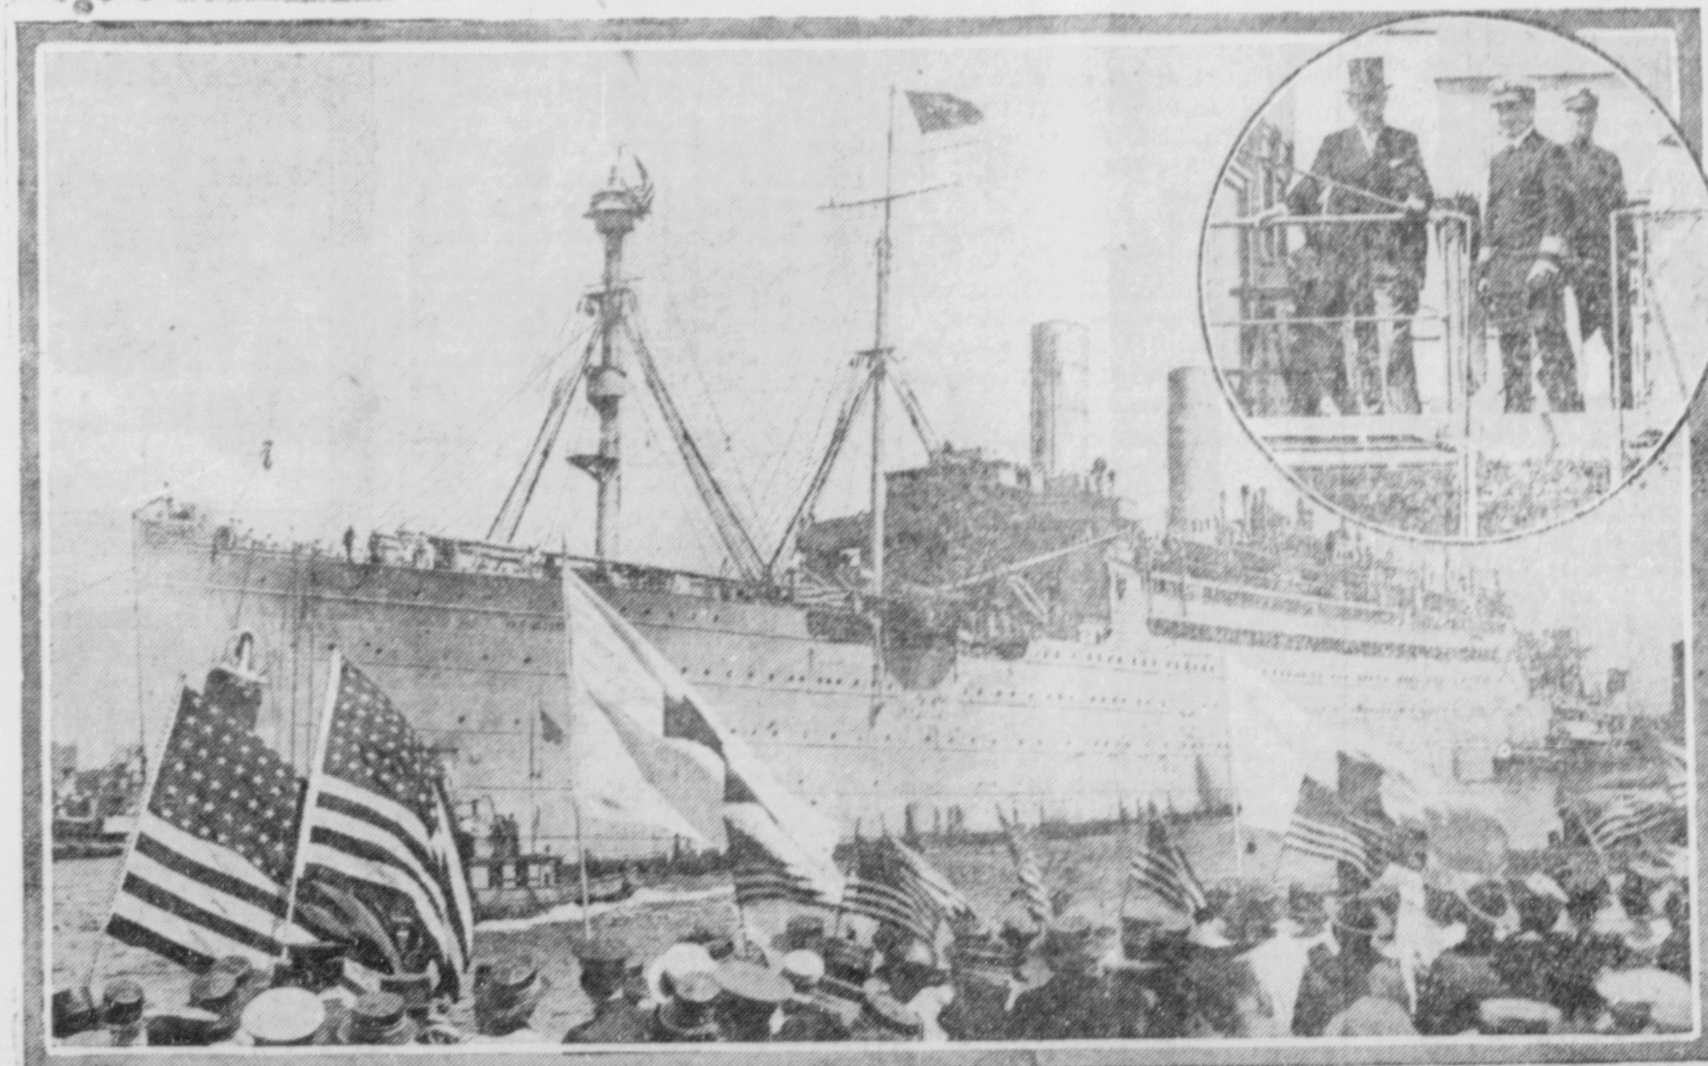

Complaint Against Grain Rates Is Turned Down by I. C. C.

Washington, July 12.—Complaint of the railroad commissioners of North Dakota that grain rates between North Dakota and Minneapolis, St. Louis and other markets were unreasonable was dismissed by the Interstate Commerce commission.

War Savings Traffickers Watched.

New York, July 12.—The War Savings committee announced that the operations of unsavory traffickers in Thrift and War Savings stamps were being investigated with a view to prosecution. The investigation is being carried on under instructions from the Treasury department.

Cheering Throng Greeting President Wilson As His Ship Returns Home

President Wilson was enthusiastically received when the transport George Washington brought him back to America for the second time after months spent at the Peace Conference. This photograph shows the cheering, flag-waving crowd which greeted him as the transport was coming alongside its Hoboken pier. In the circle the president is seen standing on the bridge of the George Washington just before he went ashore.

Dispatch want ads measured on Friday evening 14 help wanted, 2 for rent, 15 for sale and 6 miscellaneous wants. Telephone your wants to the Dispatch, Northwest 74, or mail the ad or have it sent to the office. Ads are cash, cent a word first insertion, half a cent a word each time thereafter. They solve many of the small worries of life, gain help, rent rooms and flats, sell used articles and recover lost ones.

Boston Cream Bread, Sweet Eye, Strawberry Marshmallow Rolls, Maple Marshmallow Rolls, Butter Cream Cake, Cakes of all kinds baked fresh at the Home Bakery, 608 Laurel St. 1t

The dance given at Lum park on Friday evening drew a record crowd and all enjoyed one of the most pleasant dances of the season. Julius Witham's five-piece orchestra furnished splendid music. There was a breeze off the lake, contributing to the enjoyment of the dancing. The best of order is maintained at all times, the floor is kept in first class shape and the music furnished is agreeable, arranged to suit the most fastidious.

Guarded Natural Resources.
"The Indians of Kentucky," says Dr. Clark Wheeler, "were in the habit of setting off forest areas regularly so as to provide pasture for the buffalo, thus enabling him to remain in the country." Again, the Indians living in the regions where wild rice grows, were observed to take certain precautions to protect the rice beds, even to facilitating their growth."

Gathering Life's Gold.
The gold of life does not lie hidden in mines; it sparkles in tiny sands all along the common path of every day. He only who gathers it bit by bit from daily duties and pleasures and opportunities and friendships will find himself the possessor of the real treasure at last.

SONS OF NORWAY
DELEGATES HERE

Below is given the list of delegates at the Sons of Norway convention in Brainerd:

Nidaros No. 1, Minneapolis—John Jacobson, Ole S. Hovin, Mike Dyrdaal, Beravend O. Draxten, Andreas E. Elde, John Hoem, Hans M. Johnson, Jens A. Backen.

Oslo No. 2, Minneapolis—A. Myhre, O. S. Ross, A. Halmrast, J. C. Huseby, Carl Nelson, A. Wasmuth, H. Helmerston, L. Foss, John Nyborg, J. Edwin Ottesen.

Dovre No. 3, Minneapolis—Alfred Dahl, L. J. Larson, W. N. Johnson, E. G. Beckman, Peter Thorhaug, Edw. Ricksdahl, Iver Odegaard.

Fram No. 5, West Duluth—A. Stensund, P. Mickelson.

Nordkap No. 8, St. Paul—J. R. Swangstuen, Michael Wold, Geo. Reinholdsen, Olof Isachsen.

Bjorgvin No. 10, Benson—J. A. Lee, Dr. C. D. Kolset, P. O. Berge.

Nordlyset No. 13, Minneapolis—Dr. E. Klaveness, Martin Wefald, M. P. Thune.

Helmsyn No. 15, Cloquet—Ivar Waktiskjold, Ludwig Johnson, Ed. Solen.

Norton No. 16, Duluth—Jacob Thoresen, L. A. Simonson, Peter Munkely.

Terje Viken No. 17, Two Harbors—Jugeland Fosland, Andrew Saur.

Sagatun No. 18, Brainerd—Ole B. Rasmussen, Andrew Petterson.

Nordstjernen No. 19, Crookston—S. O. Winje.

Leif Erickson No. 32, Vining—Christ E. Berg.

Haarfager No. 40, Virginia—Ole N. Berg, Martin Stoekey.

Norren No. 41, Madison—Bernor Letfield.

Fedrahelmen No. 59, Willmar—C. J. Olson, O. R. Bertness.

Nea No. 60, Windom—Ole Elvrum.

Gloa No. 65, Sioux Falls, S. D.—Martin Narlin, Judge Martin Bergh, M. G. Opsahl.

Snorre No. 70, Thief River Falls—Hans Heckne, E. K. Ansen.

Brage No. 75, Fertile—Anton Loeken.

Vonheim No. 108, Minneapolis—Oscar Erickson, Rasmus Gjerde.

Hendrum Vern No. 127, Hendrum—Emil Lykken.

Premtid No. 150, Florence, S. D.—Oscar Thunoll.

Rjukan No. 172, Northwood, Iowa—John J. Simmons, A. C. S. Rue.

Solvang No. 173, Sunburg—Senator P. A. Gandrud, Ole Sagedal.

Gimle No. 174, Starbuck—Martin Landmark, Mrs. Martin Landmark.

Truth About Cat's Eyes.

A cat can see better in the dusk than can a human being because the cat's eyes are sensitive to ultra-violet rays. Its pupils are capable of greater expansion than those of man's or of almost any other animal, thus admitting more light. The cat uses its sure-footedness is a great help to it. So it gets along better in the dark than most animals. The belief that it can see by night with the same degree of clearness as by day is, however erroneous.

Surely Drifty.

There are all sorts of different ways of bringing a thing home to people. Take the case, for instance, of a member of the D. & G. district committee in England, recently, who wanted to enable his fellow-countrymen to realize the shameful disregard of a certain member of the committee who had been elected to the post of a member of the committee and who had been elected to the post of a member of the committee.

SONS OF NORWAY HONOR
LEIF ERICKSON

(Continued from page 1)

national anthem of Norway and "America." Their singing will be a feature at the banquet, which will be further enriched by solos and duets of other singers.

First Woman Delegate

The convention is an unusual one insofar as it seated the first woman delegate in the history of the order in the district, Mrs. Martin Landmark, of Starbuck, Minn. A few months ago the order permitted women to join. At the recent session of Sagatun lodge in Brainerd, four women joined and the secret ritual was exemplified by the district lodge officers.

Law Committee.

The law committee reported numerous recommendations which were acted on separately. Resolutions will be reported late Saturday afternoon.

Visit Railway Shops

Members visited the Northern Pacific railway shops on Saturday morning and were taken all over the big plant and shown its many activities. These repair shops are considered the largest of any railway west of the Mississippi.

Fraternal Greetings

At the convening of the session Saturday a telegram was read from Olaf Vaksvik of Grand Forks, N. D., president of District No. 4, who extended cordial, fraternal greeting to the members of District No. 1.

Honor Leif Erickson

The grand lodge had recommended the observance of a day honoring the memory of Leif Erickson, who discovered America in the year 1000. A day in October was favored, as Erickson discovered Vineland when the grapes were ripening in the sun and he termed the ground on which he first set foot in America as "Vinland dot gode." (Vineland the good). Addresses made honoring the Viking explorer drew applause from the convention.

Constitutional Changes.

Elective officers of the district association were reduced from nine to five by eliminating the directors.

A debate on reducing the representation of local lodges from one at large and one for each fifty members to one at large and one for each hundred members failed to carry and the old plan continues.

All delegate expenses continue to be paid by local lodges, the average railway fare this year amounting to way Sagatun lodge of Brainerd and \$2.87.

Resolutions.

Forecasting the resolutions, the members stated they would praise in highest terms the hospitality shown the Sons of Norway by the Brainerd Chamber of Commerce, Sons of Norway Saagatun lodge of Brainerd and citizens generally and also praised the cooperation of local and outside press for giving publicity to the order.

Group Picture

On Friday afternoon pictures were taken of the lodge members as they were grouped near convention headquarters.

L. A. Simonson ordered a cut made of the assemblage and the same will be published as soon as received by the Dispatch.

Sioux Falls, S. D., Wins.

The 1921 convention was voted Sioux Falls, S. D., which won by a large majority over Crookston, the figures being Sioux Falls 63, Crookston 15.

WOMAN'S REALM

Separate Skirts, Smart and Informal

It is gala day for separate skirts. They appear this summer in all sorts of fabrics for nearly all sorts of occasions. Starting out as purely practical and utility garments, they progressed into the more practical of dressy afternoon clothes, and then advanced into the smartest of sport wear. The advent of new weaves in silk boosted the cause of the separate skirt along, and now no fabric is too sheer and dainty to make the dressiest of these convenient belongings. Organdie, voile, georgette, crepe lend a summery charm to them. Occasions where one wishes to be smartly but informally dressed seem to multiply and the separate skirt fits in with them perfectly.

The two skirts shown in the picture are of fantasil silk and are worn with georgette blouses. The heavy rib and lustrous surface of this silk take the place of trimming. By using the silk so that the rib in it runs one way in the skirt and another in bands or girdle, there is all the ornament that good designing requires. This is illustrated in the skirt model at the left in which the wide girdle is made of alternating bands of the silk, two of them with the rib running perpendicularly set together and edged by narrow bands in

which the rib is horizontal. There are small set-in pockets at each side.

Silk in two colors and of two kinds gives a good account of itself in the skirt at the right of the picture. The lower part of the model is of colored fantasil silk, set onto a plain white satin yoke at the hip line. The joining is managed well by cutting the top of the fantasil portion into a "battlement" line. There are five small pearl buttons at the front of the skirt near the bottom and its wide girdle of the fantasil silk fastens with two very large pearl buttons at the front.

Julia Bottomley

Figured Pongee.

Figured pongee has been made into some charming new blouses. It shows scrawling designs in blue—a soft blue. The designs are not so bold and striking as those in the new foulards, neither are they so dainty and flower-like as foulards and pongees used to be. The blouses are made usually with tan or ecru net in the form of little vestees and collars and sometimes frills at the arms.

Perseverance Class.

The Perseverance class of the Evangelical church of N. E. Brainerd were pleasantly entertained by Mrs. Richard Ebinger. The following officers were elected:

President—Rev. Ohm.
Vice President—Mrs. Rossini.
Sec.-Treas.—Mrs. Zander.
Assistant Sec.-Treas.—Mrs. Eschman.

Reporter—Mrs. Code.
Membership Committee—Mrs. Eschman, Mrs. Rossini, Mrs. Webking.

Devotional Committee—Mr. Woodin, Mr. Zander, Mrs. Rudolph.
Social Committee—Mrs. M. B. Congdon, Mrs. Code, Mrs. W. Smith.

Thirtieth Anniversary

On Sunday, June 29, Mr. and Mrs. W. H. Tuttle of Fort Ripley celebrated their thirtieth wedding anniversary with a family reunion at their home.

A bounteous dinner was served at which covers were laid for eighteen. A huge bouquet of ferns and lilies formed the centerpiece for the table. After dinner the time was spent in playing games and talking over old times.

The couple received some beautiful and useful presents.

Those present were: Mr. Frank Menard and daughter and Mrs. Levi King and son of Minneapolis; Mrs. Menard and Mr. Louis Menard of St. Mathias; Mrs. Richard Chevall and family of Spokane, Wash.; Mrs. Jennie Brown of Farmington and Mr. and Mrs. C. W. Tuttle of Fort Ripley.—Little Falls Herald.

Submarine Coal Mines.

There are many submarine coal deposits off the British Isles, but so far they are not much worked. The tunnels of the mines at Whitehaven extend some four miles from shore under the Irish sea. However, and there also is some submarine coal mining at Bolness near the Firth of Forth and at Monkwearmouth in Durham.

OLD PAPERS—5c BUNDLE

IMPETUS IN SUMMER AMUSEMENT LINE

Brainerd to be Visited by the World's Fair Shows for a Week's Engagement

MOST PRETENTIOUS CARNIVAL.
Consists of Three Riding Devices, Twenty Shows, Free Acts and a Concert Band

The city of Brainerd will receive its first real impetus in the summer amusement line net Monday night when the big World Fair Shows open for public inspection, playing under park board auspices at the regular circus grounds near the gas plant on the banks of the Mississippi.

The company is one of the largest and most pretentious carnival organizations on the road, consisting of three riding devices, twenty shows, free acts and a concert band.

The beautiful hand carved wagon fronts, brilliantly illuminated by thousands of multi-colored lights, materially adds to the attractiveness of the joy zone, replete with meritorious amusement features that furnish recreational diversion for local amusement seekers throughout the entire week.

Circus Grounds Used

Owing to the work on the new court house of which construction is expected to be started Monday, the park board has decided to place the meritorious amusement company on the circus grounds. The advance man said it would make an ideal spot for the attraction owing to the fact that all the shows, etc., can be put in a horse shoe circle, making a most beautiful display. If the streets were used it would be necessary to block out at least seven of them to get up the bigger shows, said the advance man.

Illumination.

The water and light board under Mr. Roberts is putting up four poles and installing the equipment to furnish 7,000 lights to light up the joy zone. The company uses 100 kilowatts.

Prof. Cole's Band.

The carnival concert band is of the highest class, using 20 musicians under Prof. Cole of Kansas City. This is the organization that was featured throughout the country before the world's war, playing at all the large fairs and expositions and has toured the world three times, playing in every large city and before all the crowned heads, says the advance man.

Mr. Dodson contracted the Cole's concert band at a salary that is said to run up into real money. The Cole band took two prizes at the World's Fair at St. Louis and is classed as one of the finest all-American concert bands in the country. Special band concerts will be given daily at 1 P. M. and 7 P. M.

All Steel Train 25 Cars

The company travels in a train of all steel cars running from 62½ to 70 feet in length and is named the "Red Devil," on account of making passenger time over the country. The train is owned by Mr. Dodson and is handled by a crew of picked railroad men who understand to perfection the loading and unloading of the

Deacon Dobson

THE "HOHENRAKE" DYNASTY
Under these rulers the world is safe, says the National War Garden Commission of Washington.

Some dynasties across th' sea, that used to worry you and me, and fill our hearts with bitter hate, are wiped completely off th' slate. Th' Hohenzollern's bit th' dust, th' Hapsburgs got th' swatted rust, th' Romanoffs are in th' scrap, with Bolshevism now on tap. These dynasties so very punk, were founded on a lot o' bunk about th' vested right o' kings to gobble other people's things. But Yankee boys went o'er th' dam and slaughtered 'em for Uncle Sam, and now their crowns and other trash they're glad to barter off for hash. So goes it with th' dynasties, built up on Kraut and Switzer cheese, and founded on th' cruel creed, o' swipin' anything they need. But here we have a dynasty, that is a pleasant one to see, th' "Hohenrake," I'd have you know gives every one an equal show. There are no titled czars or kings, nor duchesses with sproutin' wings, but every man and woman, too, is democratic, through and through. Th' "Hohenrakes" will never die, they raise th' stuff that makes th' pie, their deeds will live from year to year, so long as garden trucks be seen.

Success Depends.

"Opportunities," said Uncle Eben, "is like race horses. Dar's allus plenty of 'em. De success of de trick depends on pickin' de right one."

train which is expected to arrive in Brainerd at 8 P. M. Sunday.

War Tax on Tickets

The manager wants to impress upon the minds of all patrons holding complimentary tickets that the war tax must be paid before your ticket can be used and the secretary will be in the shows' office from 7 to 8 P. M. to receive the same.

The Attractions.

Among the different attractions is Prof. Loretta's educated horse show, one of the finest attractions appearing before the public today and including some of the finest trained animals seen. He is featuring "Don," the only black bear that rides a bucking mule.

Next comes "Joyland," a show that is built for laughing purposes only.

Then the "Submarine Show," demonstrating the late models of the submarines as used by Americans and Germans in the great war and displayed in a huge tank of a capacity of 65,000 gallons of water. A very interesting lecture is given by Capt. Dancker, who explains the working of the different boats.

There follow "The Trip to Hell" and the "Honeymoon Trail," the "Circus Side Show" with freaks from all parts of the world, then the "Athletic Arena" featuring Rudy Warner and Samson, who takes on any one, barring none in wrestling and boxing.

"Hell's Half Acre" is in close proximity to the "Moon Show," and "Anta the Show Beautiful," followed by the smaller attractions, then the \$10,000 ride, "The Whip," the \$7000 "Merry Go Round" and the giant "Ferris Wheel," 75 concessions and the free acts.

The big show will open Monday night at 7:30 o'clock.

May Go to Billings, Mont., Next

The carnival company may move from here to Billings, Mont., a jump of 781 miles, as the World's Fair Shows were awarded the contract to furnish all the attractions for the Elks' convention in that city. One of the officers of the lodge was in Brainerd Friday talking it over with Agent Roberts of the show.

Kei Hara.

For the first time in the history of Japan a man without a title is at the head of the government. Mr. Kei Hara, the present premier, is a commoner, born in northern Japan, and educated in Tokyo on a scholarship founded by the feudal lord of his clan. He studied law as a profession, but entered journalism, serving on the immediate journalistic ancestor of the now well-known Hochi Shimbun. From journalism he entered diplomacy under Marquess Inouye, then foreign minister, and was sent as consul to France. Returning to Japan he became director of the commercial bureau of the foreign office under Count Mutsu; and then in turn minister in Korea, and vice minister of foreign affairs in Japan, retiring temporarily to private life when Count Mutsu gave up the political work that had earned him the reputation of being the greatest modern Japanese diplomatist. Mr. Hara returned to national politics in 1909 as minister of communications in the new cabinet of Prince Ito, and from that appointment his rise has been steady till he was lately made premier, and so became the first commoner that has ever in Japan occupied so high a position.

IT PAYS TO ADVERTISE.

Deacon Dobson

GET INSURANCE
Secure your food supply by sending a two-cent stamp to National War Garden Commission, at Washington, for the garden book.

Insurance is a goodly thing, you've heard th' agents gally sing, 'twill fill your system up with sand, to have a policy in hand. This man who on his knees you see, had he insurance? No-sir-ee, he never saw beyond his nose, and now behold his awful woes. If he but had a policy, he wouldn't be afraid you see, he'd know his folks would get th' cash, when dog had made him into hash. And so he pleads for one more chance, his worldly wisdom to enhance, and if 'tis granted you will find he'll be a man o' different mind. He'll take his garden rake and hoe and out into th' garden go, and there by honest, pleasant toil, insure his livin' from th' soil. This good, home-made insurance plan is open now to every man, you simply join th' garden club and you're assured yours daily grub. Th' charter's open every day, you do not have a cent to pay, no goat to ride or pledge to take, except to handle hoe and rake.

Freedom From FLIES

It is time now to get in quick and hard and combat the flies. Lay in a stock of our fresh flypapers, both poison and sticky. There are strips and hangers and flyswatters, too. Anything and everything intended to destroy the pest.

MEET AND TREAT AT OUR FOUNTAIN

Free Free Free

A beautiful Diamond Ring will be given away free, Saturday night to the holder of the lucky number. Tickets from the other stands not good. Drawing Saturday night at 10:30 at the DOLL WHEEL where the DOLLS HANG IN CRADLES, at THE CARNIVAL, NEXT WEEK.

A Wonderful World.

"Don't talk to me about the wonders of past ages," said Uncle Joe Cannon. "The world today is far more wonderful than ever before. Just think: It took Columbus as many months as it now takes days to cross the ocean, and we talk about flying and traveling a mile a minute as though they were nothing."

"Why, the other day I dropped into a country school just in time to hear the teacher ask:

"Johnny, into what two great classes is the human race divided?" And Johnny answered promptly:

"Motorists and pedestrians." "That's what I call progress. After awhile there won't be any pedestrians."—Los Angeles Times.

SONS OF NORWAY

One thing that appealed to citizens of Brainerd was the splendid, whole-hearted way in which the Sons of Norway sing their songs. The tones come out full and free and every man knows words and melody.

Largely through the work of Alfred E. Dahl, of the Northwestern Consolidated Milling Co. of Minneapolis, a chorus was speedily gathered and under the direction of the musical secretary of the Sons of Norway, Hallward Askeland of Minneapolis, the singing was most spirited, the voices beautifully blended and modulated.

Singing by a well balanced male chorus, such as obtains in Scandinavian and Germanic countries and their descendants in America, is the highest type of community singing.

All praise to the Sons of Norway who sang their way into the hearts of Brainerd, who carried on their deliberations in the heart of Minnesota and legislated with good humor, firmness and kindness for the good of their order.

Their membership discloses them men of large affairs, standing high in their various communities, for in the list of delegates were judges, county and city officials, a senator, business men, professional men, bonanza farmers, railway and shop employees, in fact every line of honest endeavor in all walks of life was represented.

Under the guidance of President Mons Hauze the deliberations were conducted with dispatch and fairness to all. Every officer and member had at his finger tips information concerning the order filed in a neat, compact book as compiled by Secretary Hallward Askeland.

Brainerd said "Welcome, Sons of Norway," and it says, not unmixed with sorrow at losing so many distinguished visitors, "Goodbye and May You Soon Come Back Again."

BLIND PIGGERS

The following paragraph clipped from a Duluth News Tribune account of federal court proceedings, clearly shows who are the most flagrant violators of the laws in this county. Not a name in the list but that of a foreigner. Foreigners should be welcome if they obey the law. If convicted of law violation, they should be deported to the country from whence they came, and until the law is changed making this possible, these people will be offenders against the law. The paragraph reads:

The following were indicted on charges of having introduced liquor into Indian territory: Joseph Widolok, Nick Petroff, Joseph Santi,

George Galich, Peter Kukich, Mike Stanich, Louie Bobich, Joseph Kalobocov, Martha Latkovich, Theodore Vranesh, Joseph Govanovich, Stephen Grabovich, Karla Coggolia, Fernando Coggolia, John Champa, Henry Lahti, Matt Hokala, Andrew Kukich, Vid Skender, Sam Kerkes, Jacob Markis, Nick Perbenich, Bob Mimerich, Joseph Robonovich.

First M. E. Church

Services will be held in the morning, July 13 at 10:30. The subject of the sermon will be "The Bible in the World's Education." The church bible school will meet at 12 o'clock.

Evening service in Gregory park. Sermon by the Methodist minister. Subject of sermon "The Bible in the World's Education." In case of bad weather the service will be held in the Methodist church. E. A. Cook, minister.

Milton and Italy.
 How delightful was Italy to Milton! His Allegro and Penseroso show that he could fully appreciate both its mirth and its majesty. He returns not the less to live out a career of illustrious service in his own country, where his brave heart and philosophic mind were of more avail to his time than even his sacred song to ours.—Julia Ward Howe.

Taking Up Our Time.
 Sometime we are going to figure up how many hours a day of our telephoning time is devoted to listening patiently to sweet voices saying that they know they ought not to disturb us at our work.—Ohio State Journal.

Roosevelt's Long Ride.
 In February, 1909, the late former President Roosevelt rode 98 miles on horseback in the seventeen hours between daylight and dark. The trip was from Washington to Warrenton and return. Three horses were used.

ALLIED COUNCIL
LIFTS BLOCKADE

Removes Ban on Trade With Germany After Learning Treaty Legally Ratified.

BERLIN FIXES THE LIMIT

German Cabinet Will Permit Free Importation of All Necessities, but Will Restrict Luxuries and Raw Materials.

Paris, July 12.—It is announced that the Council of Five has decided to raise at once the blockade against Germany.

The council's decision was taken after receipt of the report of the legal experts declaring the official document notifying the council of ratification of the treaty by Germany to be in due form.

So far as the action of the council concerns France, the measure will be effective only after publication in the Journal Officiel of a decree annulling the preceding decrees regarding the blockade.

To Limit Luxuries Imports.
 Berlin, July 12.—In connection with the raising of the blockade, it is stated that importation of necessities, such as footwear and clothing will be made quite freely, but the cabinet intends to admit luxuries and raw materials only to the extent thought advantageous from the economic viewpoint.

As individual firms lack credit facilities the cabinet takes the standpoint that import syndicates must be formed, and that these can only succeed if the government participates in their direction.

U. S. Issues Blanket Licenses.
 Washington, July 12.—With the lifting of the blockade against Germany, as ordered by the Council of Five, trading between that country and the United States as well as the other associated powers will begin.

Acting Secretary of State Polk announced that blanket licenses would be issued for transactions of American firms and that details would be given within 48 hours after decision by legal experts as to whether a formal proclamation by the President would be necessary.

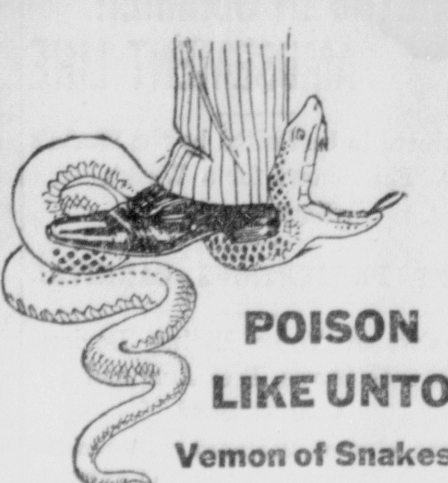

Trading in all commodities, except dyestuffs, chemicals and potash, control over which will be exercised by the reparations commission set up by the Peace treaty, will be unrestricted. It was said, American firms doing business with Germany must send their agents into that country without passports, however, as these cannot be issued until the proclamation of peace. It also was said at the State department that there was no certainty when American consuls would be sent to Germany.

TO DISBAND GERMAN ARMY

Peace Treaty Extends Time Allowance Until March 31, 1920.

Washington, July 12.—The full text of the treaty as presented by President Wilson was published in the Congressional record. Comparing it with the copy inserted June 5 by Senator Borah, senators said the most interesting difference they found was the provision extending until March 31, 1920, the time for demobilization and disarmament of Germany's forces. In the former treaty two months was the limit set.

Monkeys Hard to Train.
 Performing monkeys seldom live more than a few months. Many of them die of fright while being trained, and it is consequently necessary for trainers to keep a large number of animal understudies.

Professor H. Strauss, M. D., of the Royal Charity Hospital, says, "The cause for an attack of gout, rheumatism, lumbago, is supplied by the increase of uric acid in the blood serum, the result of various causes, the most frequent of which is renal. Before an attack, one suffers sometimes from headache, neuralgia, twinges of pain here and there."

When your kidneys feel like lumps of lead, when the back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; when you suffer with sick headache, or dizzy, nervous spells, acid stomach; or you have rheumatic pains or lumbago, gout, sciatica when the weather is bad, do not neglect the warning, but try simple means. Take six or eight glasses of water during the day, then obtain at your nearest drug store "An-uric" (anti-uric acid).

This is the discovery of Dr. Pierce of the Invalids' Hotel, Buffalo, N. Y. "An-uric" is an antidote for uric acid poisoning and dissolves uric acid in the body much as hot coffee dissolves sugar. "An-uric" will penetrate into the joints and muscles, and dissolve the poisonous accumulations. It will stamp out toxins. Send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.

WARSHIPS GOING TO FIUME

Allies Take Precautions in Event of Further Disorders.

Paris, July 12.—Three Allied warships, one each from the American, British and French navies, have been ordered to proceed to Fiume, where there have been disorders recently between Italian troops and other elements in the forces of occupation. The situation at Fiume, however, reported to be more quiet.

HARDEN TO BE AMBASSADOR

May Represent German Government in United States.

Copenhagen, July 12.—Maximilian Harden, editor of Die Zukunft, of Berlin, probably will be appointed ambassador at Washington, as soon as diplomatic relations are restored, says the Fremdenblatt of Hamburg.

BIG DIRIGIBLE NEAR AZORES

British Airship Bowling Along 60 Knots an Hour.

New York, July 12.—Bowling along at 60 knots an hour, the British dirigible R34 was believed to be near the Azores, more than half way across the Atlantic on its return voyage to Scotland.

More Wars Coming, Says Haig.
 Aberdeen, Scotland, July 12.—Field Marshal Haig, urging the necessity of a universal military training corps said here: "Those people are wrong who think we will never have to fight again. We must be prepared."

Samuel T. Wellman Dead.

Stratton, Me., July 12.—Samuel T. Wellman of Cleveland, Ohio, prominent in the iron industry on the Great Lakes, died suddenly of heart disease here.

Not Done in That Reckless Way.
 Minden Courier—"A few years ago Mr. — spent \$250 for advertising without drawing any crowd to his store, so he is convinced that it doesn't pay."—Boston Transcript.

EXPERT ENGAGED BY HAYDON CO.

Secures Services of W. S. Larson, of Minneapolis, an Expert Ice Cream Maker

GRADUATE OF A COLLEGE

Haydon Co. Now Has Two Traveling-men on the Road—Cover Large Territory

The Haydon Company have just succeeded in obtaining the services of W. S. Larson, an expert ice cream maker. Mr. Larson has had five years experience in this work in St. Paul and Minneapolis and Winona and comes very highly recommended. He is a graduate of the Minnesota Agricultural College and has made a special study in the handling and care of dairy products. This is in line with the Haydon Company's policy in endeavoring to turn out the very highest class product for the public that can be manufactured and is the reason for the success of Haydon's Delicious Ice Cream.

The company now has two traveling men covering northern Minnesota and selling Haydon's complete line of candies and soda fountain supplies. The Haydon Company job is Webber's chocolates. George A. Knapp, who was formerly with T. B. Scott & Co. of Minneapolis, is one of the traveling men, and H. L. Gould, formerly of Minneapolis and now vice-president of the company, is the other.

Mr. Gould has recently moved his family here from Minneapolis and Mr. Larson expects to do the same as soon as a suitable house can be rented. This live concern is bringing additional business to Brainerd and is a good example of the value of a number of diversified and enterprising industries to a city.

MISS MABEL A. EDMUNDS DEAD

Former Brainerd Teacher Died of Heart Disease at Home in Iowa

Word has been received in Brainerd of the death of Miss Mabel A. Edmunds, former Brainerd teacher, who died of heart disease at her home in Manchester, Iowa. She had taught two years in the Lincoln and half a year in the Harrison schools at Brainerd and had made her home at the F. H. McCaffrey residence and previously the Palace hotel. Her early education was received in the Manchester schools, and then she completed her training for the profession of teacher in the Cedar Falls Iowa normal training school. She had taught 25 years, part of the time in Iowa and part in Minnesota. She was a member of the Congregational church, uniting at Northfield, and also belonged to the Eastern Star of Minneapolis.

She is survived by four brothers, Wheeler C. Edmunds, of Spencer Ia.; A. V. Edmunds, of Clarkfield, Minn.; Warren Edmunds, of Sisters, Oregon; Olin Edmunds, of Minneapolis, and her step-mother, Mrs. S. J. Edmunds, of Manchester, Iowa.

ADVERTISED LETTERS

Letters remaining unclaimed in the postoffice at Brainerd for the week ending July 11, 1919. When calling please say "Advertized."

ROLL OF HONOR

Hospital Sergeant John A. Bloom, who was at general hospital No. 8, has received his honorable discharge, returning from Otisville, N. Y., Friday night.

Milton Mahlum, son of Mr. and Mrs. Mons Mahlum, on his way home from France, was taken sick with diphtheria and treated at a hospital in Erest. It is expected he will soon be able to leave the hospital and continue on his way home.

BIDS WANTED

Bids will be received up to 8:00 P. M. July 21st, 1919, for the furnishing of coal for the City Hall and Central Fire Hall by the City Council for the coming year.

The Council reserves the right to reject any or all bids.

L. D. GREENO.,
City Clerk.

OUTDOOR WORSHIP GAINS POPULARITY

Services Increasing at North Side and South Side Community, Services Sunday Evening

GREGORY PARK & HIGH SCHOOL

Rev. E. A. Cooke to Speak at the Park, Rev. M. L. Hostager at High School Lawn

Interest is increasing in the outdoor Sunday evening services with each succeeding service. The attendance at the services at Gregory park were the best attended of any that have been held. Some used old earth as a bench to sit upon. Arrangements have been made to have additional chairs for Sunday evening.

Rev. E. A. Cooke will be the speaker on Sunday evening. He is projected to be a very popular speaker and doubtless will have a good hearing.

South Side

The services on the Washington school lawn were well attended last Sunday. Rev. M. L. Hostager will be the speaker this week.

The open air meeting at the entrance of the high school building was found to be a most comfortable place for the south side community church meeting. Chairs were placed on the cement walk and shaded by the trees no one could have wished for a cooler and more convenient out-of-door meeting place. There was a goodly attendance upon the first service Sunday evening and a number expressed themselves pleased with the idea of union open air meetings. Rev. Leslie delivered a short sermon and the meeting was over while yet it was full day. In event of rain or unfavorable weather tomorrow night the service will be held in the Bethlehem Lutheran church on Seventh street.

MISSION LAKE FARMERS CLUB

Adopts a Commendable Practice by Holding its Meetings During the Day Time

ALL ENJOY A PUBLIC DINNER

President Con Faupel Presided—E. G. Roth, County Agent, Spoke to Farmers

The Mission Lake Farmer's Club held their monthly meeting on Tuesday, July 8th, at the home of Mr. and Mrs. E. L. Young.

This club has adopted a practice which is very commendable, that is, of holding their meetings during the day, bringing their lunches with them and having a picnic dinner before starting their meeting. The advantage secured by having these afternoon meetings is that it permits those present to look at the different crops or improvements which the entertaining host may have and allows an informal discussion of the respective merits of these improvements.

The meeting was called to order at 2 p. m. by President Con Faupel. Mr. E. L. Young then opened the meeting by reading an interesting article on the economic value of birds, birds being the topic for discussion at this meeting. Mr. E. G. Roth, the new county agent then gave an explanation of the work of Audubon Societies and all they have accomplished in the protection and saving of our birds. After this a discussion followed on the relative merits of birds in which all the members joined. Some very interesting facts were brought out. It was decided that the Blue Jay, English Sparrow, and the Cooper's Hawk were detrimental to the farming and the forestry communities, and their destruction advocated. Their predatory habits and their practice of killing other birds of more value than themselves and devastating their eggs make them an economic nuisance. It was decided that the crow, while injurious some seasons of the year, should be watched at these occasions but that he is of economical benefit at other seasons of the year in sufficient amount to counterbalance his injurious tendencies.

The Mission Lake Farmer's Club, although small in membership, is very active and is already laying plans for their big annual Harvest Home Picnic to be held the 1st of September. Plans are made to hold exhibits of farm grown products and to give prizes to boys and girls on different kinds of farm vegetables, grains cooking, canning, baking and other forms of domestic science. Prizes are to be given for these different exhibits to members and their families. The next monthly meeting is to be held at the home of Mr. Amos of Mission Lake the second Tuesday in August.

ARE WORKING FOR GREATER EFFICIENCY

Northern Minnesota Farm Bureau Officials and County Agent Conferred at Wadena

CHANGES IN NEW LEGISLATION

What Past Experience Has Shown—Administrative Requirements—How Funds Handled

E. G. ROTH,
(County Agricultural Agent.)

Northern Minnesota Farm Bureau officials and county agents met in a meeting at Wadena on Monday, July 7th, to plan budgets and reorganize their constitutions to conform with the new state law in regard to Farm Bureau associations. State County Agent Leader F. E. Balmer and Assistant State County Agent Leader S. B. Cleland, went over the plans with the different county agents and farm bureau officials.

Chapter 427, Senate File 607, commonly referred to as the Farm Bureau Law enacted by the Minnesota Legislature of 1919, repeals and replaces Chapter 378, Session Laws 1913 under which the work of county agricultural agents has been administered in Minnesota since August 1st, 1913.

Changes Made by New Legislation.

The new act provides:

1. For County Co-operative Extension Work in Agriculture and Home Economics, that is, any form of extension work desired, such as home demonstrations, boys' and girls' club work, as well as county agent work, may be supported by county appropriation.

2. For the formation of a County Farm Bureau association in each county its incorporation, and the filing of a certificate of incorporation with the register of deeds of the county. To enable a county to secure funds appropriated by the county or state, a Farm Bureau association must be formed and incorporated and must have at least 100 members in good standing and have on hand at least \$200 in funds raised annually by membership.

3. That when a County Farm Bureau association is formed and funds raised as described above, the county commissioners may appropriate from \$1000 to \$3000 annually to support co-operative extension work in agriculture and home economics in the county.

4. That no agent may be employed for a county under this act unless approved by the officers of the County Farm Bureau association, or their duly accredited representatives, and the dean of the Department of Agriculture of the University of Minnesota.

5. That all bills to be paid out of funds appropriated by the county shall be approved by the officers, or accredited representatives, of the County Farm Bureau association and by the Dean of the Department of Agriculture.

6. For the application of state funds appropriated for promoting the purpose of the act in sums not exceeding \$1000 annually to any one county. (Under the Act, \$1000 state aid is available annually for the two year period beginning July 1, 1919, to any county in Minnesota meeting the requirements of the Act)

What Past Experience Has Shown.

Experience of the past six years has shown that to make county Farm Bureau work effective in a county

the following preliminary conditions are necessary.

First, an active County Farm Bureau association, truly representing the agriculture and allied interests of the county, supported morally and financially by its members, which membership must include a reasonable proportion of the farmers in the county.

Second, sufficient funds (either appropriated or subscribed, preferably both) to finance whatever work is undertaken.

Administrative Requirements.

In consideration of the new law and past experience, the following requirements are made of counties asking for federal, state or county funds for county co-operative extension work in agriculture and home economics:

1. To secure any county or state funds after the date of the passage of this act a county farm bureau association must be formed, as provided in the Act.

2. Where desirable, counties may maintain more than one headquarters or branch office.

3. The County Farm Bureau officers must present an annual budget of proposed expenses to the county commissioners and furnish a copy to the Director of Agricultural Extension of the Department of Agriculture of the University of Minnesota.

4. Not later than July 1st, 1919, and not later than April 1st, annually hereafter, the duly constituted officers, or their accredited representatives, of each county Farm Bureau association, by and with the co-operation of agent or agents employed, shall prepare a county program of work which it is proposed to follow for the year in question, a copy of which shall be furnished to the board of county commissioners of the proper county and to the director of Agricultural Extension of the University of Minnesota.

5. Not less than 50 per cent of the required membership of the county Farm Bureau association shall consist of actual farmers.

6. All bills for salaries or expenses of agents co-operatively employed to be paid out of funds derived in the county must be approved by the officers of the County Farm Bureau association or their duly authorized representatives before they can be approved for payment by the dean of the Department of Agriculture. (Until authorized representatives for the approval of bills are selected, the approval by either the president or secretary-treasurer of the Farm Bureau association will be accepted as meeting the requirements of the Act in this respect.)

How the Funds Will be Handled.

1. The \$1,000 state aid available annually to each county will be used preferably toward the payment of the salary of the county agricultural agent. Usually this will be paid at the rate of \$83.33 per month. This fund will be paid through the state auditor on the first of each month on presentation by the dean of the Department of Agriculture of a duly approved payroll or voucher.

2. The funds available from the United States Department of Agriculture will be used primarily for the payment of salaries and will be paid through the Department of Agriculture on the approval of the Director of Agricultural Extension.

3. Funds appropriated by boards of county commissioners may be used for salaries or expenses of agents employed and will be paid by the regular county officers on bills approved by officers of the County Farm Bureau association, or their authorized representatives, and orders issued by

the dean of the Department of Agriculture.

4. Funds raised by the County Farm Bureau association by membership or subscription will be paid out as follows:

(a) Those used for strictly local purposes or for the maintenance of the organization will be handled as determined by the Farm Bureau association officials without approval of the Dean of the Department of Agriculture.

(b) Those set aside by Farm Bureau officials for salary or expenses of agents employed co-operatively will be paid out by Farm Bureau officers in like manner as funds appropriated by the county. This requirement is necessary in order that the total salary and expenses of agents co-operatively employed may be known and approved by the U. S. Department of Agriculture as required by federal legislation.

M. W. A. PICNIC AT PINE RIVER

Pine River Camp of the Modern Woodmen of America will hold a picnic at Pine River for two days, July 14th and 17th. Addresses by Head Counsel A. R. Talbot, State Deputy Edward E. Burns and Supreme Organizer R. E. Johnson will be made each day. One of the principal features will be an out-door initiation conducted by the Pine River degree team assisted by officials from the Head Camp. Besides there will be baseball games, dancing and other sports. Everybody is invited, and especially members of the M. W. A. and their families and friends.

NOTICE

Found one carburetor on Main St. in this city. Owner can have same by seeing chief of police and paying for this advertisement.

Education Always Helps.
The success of the individual is often determined by the amount of education. In special cases, such as in the case of a handicapped child, the education may be the only way to a better life. The education of a child is the foundation of a better life. The education of a child is the foundation of a better life.

Japanese Marriage Agencies.

Marriage agencies in Japan are now offering to 25 persons fee on each match made. One person for an introduction fee for a hunt for a life partner and the rest for actually finding two together are the legal prices.

DISPATCH ADS BRING RESULTS

TEACHERS PREFER OFFICE WORK

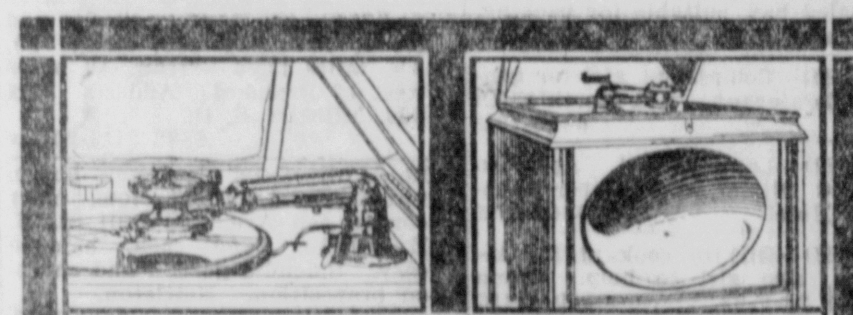

Two former teachers who believe that the business world offers better chances for advancement than the schoolroom, are Misses Lulu Nutt of Wimbledon, N. D., and Selma Sviggum, Kindred, N. D.

Both used the splendid commercial training of the Dakota Business College, Fargo, N. D., as a stepping stone to bettering their positions. Miss Nutt is now showing her capabilities with the Merchants National Bank of Wimbledon. Miss Sviggum is at the Enderlin Garage Co. Address F. L. Watkins, 806 Front St. Fargo, N. D., about D. B. C. summer courses.

End-of-Season Clearance Sale

All suits are selling at a reduction of $\frac{1}{3}$ and $\frac{1}{2}$ off. All coats have a sale ticket on them. Many silk dresses are included and a number of very pretty skirts. This is indeed a Clearance Sale and the money you can save will be very interesting.

H. F. Michael Co.

What the Brunswick Method of Reproduction Means to You.

BRIEFLY, it brings two great exclusive features.

First, the Ultona, a new conception for playing all records at their best. Just a turn of the hand means the correct position on the record, the proper diaphragm and needle for every make.

Second, the All-Wood Tone Amplifier built-up on the violin principle.

Tones hitherto lost are brought out in rich clarity by these exclusive Brunswick features.

Hear The Brunswick before you buy or even make a tentative decision. Doing so will not place you under the slightest obligation.
